

Stein am Rain

Facts:

Town: **Joching**

Insolation in hours per year: **2279**

Size in ha: **6,53**

Terraced vineyard: **Partially**

Aspect: **SE**

Slope gradient: **Ø 13 %**

Altitude: **214- 254 m**

Description

Stein am Rain is the name for the area between Kollmitz and the town of Joching. The name can be interpreted as meaning "stony high edge", and was documented for the first time in 1390 as "pey dem stainigen Rayn".
