

Trum

Facts:

Town: **Unterloiben**
Subsites: **Bockfüßl**
Size in ha: **6,5**
Altitude in m: **203 - 212**
Average Slope in %: **5**
Max. Slope in %: **23**

Insolation in hours per year: **2438**
Terraced vineyard: **No**
Distance to Danube in m: **431**
Labour required in h: **2.300**
First documentary evidence: **1427**

Description

The vineyard is adjoining to the smaller Bockfüßl vineyard and like the latter, it stretches below the train tracks between Oberloiben and Unterloiben. In geological terms, the upper part (towards the railway) can still be assigned to the Schütt vineyard, and the lower part corresponds to the alluvial loess that is common in the area.
