Max. Slope in %: **123**

Insolation in hours per year: **1901**
Terraced vineyard: **Yes**
Distance to Danube in m: **47**
Labour required in h: **5.500**
First documentary evidence: **1328**

Description

A vineyard that had been abandoned since the 1950s, and is being progressively recultivated since 2008. The name rightly suggests the presence of ore-bearing rock. The vineyard is barren and extremely steep. Although the climate of the Atzberg is similar to Spitz, it still belongs to the district of Weißenkirchen.
